STANDARD GUARANTEE

(Recommended by American Shorthorn Association)

- A. Proper care must be given to purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf, must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy, if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

MANAGER'S MESSAGE

This is the first sale for this fine group of Kansas Shorthorn breeders. Cen-K Farms from Burrton, Kansas, exhibited one of the best Shorthorn bulls at this year's Denver livestock show. This was one of the largest bulls in the show and won the Senior Yearling Class. Cen-K is selling a half brother to this bull that the Schraggs think is made just as good as even better. The service of KC Tornado will be an attraction for this sale.

Lindee Farms from Galva, Kansas, represents the Lindbergs and Dwayne Dietz's. This consignment features the sons and daughters of Remitall Keynote. His half brothers have topped almost every sale they have entered in North America in the past two years. Fernwood Ocean Guard and Lewisfield Ranger 2nd will add much to their herd and you can see their first calves at Lindee now.

Henry Dietz, & Son, Milton, of WaKeeney, Kansas, needs no introduction to Shorthorn breeders over Kansas. They have sold cattle to buyers from every state in the Central West. Only the best bulls they could find have been used. Many years of experience goes with this herd.

Dr. P. K. Hurley is only selling one bull in this sale, but he is a good three year old proven sire. Bred by Tomson's from Wakarusa, Kansas.

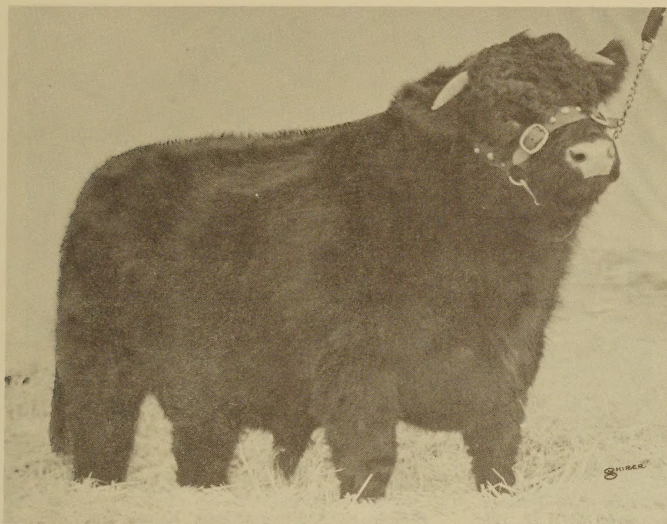

The cattle in this sale are not highly fitted—they will sell in just good breeding condition. The offering is large enough to supply the buyers' needs. These men are not beginners in the Shorthorn business. Many years of experience is back of these cattle. If you are in need of serviceable age bulls, cows with calves by their side, bred and open heifers, attend this sale. This will be one of the best opportunities to buy good cattle you will find anywhere. If you are not satisfied with the way your cattle are performing for you, look this offering over.

If you want to see some good Shorthorns sell, be in Newton, Kansas, Saturday, April 20th.

MILTON H. NAGELY, Sale Manager

KC WHITE TORNADO was purchased from KC Farms after a very successful show career. He was grand champion at the 1967 Kansas State Fair, 1st at the National Western and second twice in class at Chicago International. He was in all the winning gets in the major shows throughout the U. S. His sire is the great Glamis Benefactor. The dam of Tornado is the imported Saltoun Margaret cow that rates as one of the best at KC. She is the granddam of KC Royal Event, the new herd sire aquired by Tomson Bros. to head their good herd. Here is a great opportunity to buy the service of one of the breeds biggest and best young bulls. KC Farms retained an interest in this bull and his first calves are expected this summer.

CEN-K MAN OF WAR—This young bull was shown for the first and only time this year at Denver, where he was the 1st prize senior yearling bull in a very strong class. Note his size, great head, character and bone. His dam, Queen Carrie, is a big cow and has always produced one of the best every year. He is a well bred bull, going back to N W Rosewood Man O' War, which sold in the Northwood Sale to Schreiber Farms for \$6,500 for a half interest. Cen-K Man of War is the modern type bull and his get and service are sale attractions.
